

Take control of your propane costs!

Rising fuel prices affect us in so many ways. From expensive fill-ups at the gas pump to higher food costs, it can seem like the situation is out of control.

Fortunately, thanks to Revere Gas, **you have choices** to help you take control of your propane costs. Enroll now in the price protection plan that's right for you... then, have greater peace of mind all year long!

Enlightened Customer Service, Home Comfort Safety and Technical Expertise

Over 60 years ago, Revere Gas began with the principle of providing quality, safe gas service to families in this community. Our company has grown since then, but we are still committed to the same basic principle as we bring you:

- ▶ The best selection of gas heating, fireplace, water heating and cooking equipment
- ▶ Worry-free automatic delivery
- ▶ Dependable year-round fuel supply
- ▶ Price protection plan choices
- ▶ Easy payment options
- ▶ 24/7 emergency service you can trust

For more information on how we can give you propane price protection, better home comfort, and extra energy savings call us today!

Managing Your Heating Costs

Your Guide to Price Protection Plans

Enlightened Service

Good Budget PAYMENT PLAN

Heating bills that are predictable and manageable

► Lower your winter heating costs

With energy prices higher than ever, it can be a challenge working your propane bills into your existing monthly budget. It's especially difficult in the winter months, when fuel deliveries—and holiday spending—tend to be more frequent!

That's why we offer the Budget Plan. It spreads out your annual propane costs into **even monthly installments** so every payment is easy and manageable.

► Receive a 5¢ discount per gallon

Budget customers also receive an extra discount on every gallon of propane! It's our way of making sure you always benefit from the plan.

► Enjoy easy payment options

Budget payments can be made by check, debit card, or credit card. We also offer the time-saving convenience of automatic payments. The same amount is charged to your card every month, so you never have to worry about your bill!

Automatic delivery convenience included with each plan

With automatic delivery you never have to call to schedule deliveries or worry about running out.

We keep track of your usage and weather patterns to make sure there's always enough fuel in your tank.

Automatic delivery No-Run-Out Guarantee is **only available for Comfort Plus customers**, and includes a \$50 account credit if you use propane as your central heating source and run out of fuel while on the Comfort Plus Plan.

Better PreBuy FIXED PRICE PLAN

Purchase your annual supply of fuel while rates are low

► Buy at a special pre-season price

With the PreBuy Plan you purchase your **annual supply of propane** during the summer months, when pricing can often be lower. The enrollment period is typically from June 1 to August 20. Since rates can fluctuate during this time, you have a choice of when to lock in with a price.

Once you decide to lock in, you simply let us know how much propane you'd like to secure (a minimum of 300 gallons is required). We can help you figure this out by looking up how many gallons you bought last year. Payment is due in full within 10 days of your commitment.

► Always have the fuel you need

After your purchase, we'll store your fuel and deliver it automatically as you need it. If you discover later in the season that you didn't anticipate the proper amount, we'll continue to deliver fuel at the current market rate. If you purchased more fuel than you needed, you'll receive a credit towards next year's plan.

BEST! Comfort Plus CAP PRICE PROTECTION

The best possible price protection for your family

► Avoid fuel price spikes

Comfort Plus *always* gives you the best possible price for your fuel. When propane costs rise, as they often do in winter, you stay protected with a **cap** on the rate you pay. You never pay more than your cap, no matter how high prices rise.

► Always receive the lower rate

When fuel costs are below your cap, you pay the lower price. *It's always a win-win situation!*

► Enjoy total Budget Plan benefits

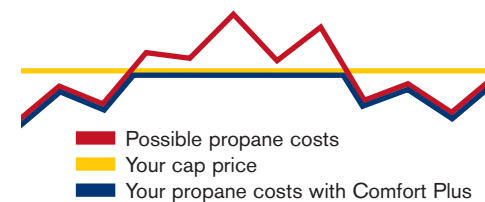

You also receive all the benefits of our Budget Plan. That means **lower monthly fuel bills, automatic delivery, an extra 5¢ per gallon discount, and automatic payment options!**

► Plus, our No-Run-Out Guarantee

With **Comfort Plus**, we guarantee you'll never run out of fuel when you use propane for central heating. Now *that's* peace of mind!

► Enroll with a low monthly plan fee

Unlike other cap protection plans, your monthly fee is minimal and based on individual usage.

With Comfort Plus, no matter how high propane costs rise, you only pay the cap price. Plus, when prices fall below your cap, you always receive the lower price.
